# Gift Baskets for all occasions

- Gift Baskets for all occasions, especially Thanksgiving, Christmas, New Years and other holidays...If you have an occasion, I have an idea for a basket. I create custom-design baskets, in that I design baskets to a persons specifications (for example, if they have a personal theme, color, or if someone has a particular item they would like me to build a basket around, like a special bottle of perfume, etc.
- The basket usually run between \$25 and \$75, but some special order items may cost more, it depends on what a customer wants and how much time I must take to make the order.
- I will be making a few sale samples for the Christmas season and bringing them into the office for display. I can also take an existing basket and add to it, or rearrange according to specifications.
- **Call Debbie Carroll at (202) 607-5909 to place an order.**

- The Federal Trade Commission recently issued a press release that dramatically illustrates the impact identity theft has made over the past five years. The figures are astounding! Last year, for example, there were 9.9 million victims of identity theft with very few resulting in arrests. The Identity Theft Shield is designed to alert you of suspicious account activity...to restore any resulting damage to your credit history...and to reimburse you for covered out-of-pocket expenses you incur in the process. All this for less than 50 cents per day! Call me for a brochure or check out our online information.
